- **Aged Debtor Recovery (₹1,95,000)** — Identified vehicle sales debtors outstanding beyond 200 days; escalated findings to senior management and directors, resulting in disciplinary salary deductions from the responsible personnel.
- **Surprise Audit — Liability Mail Manipulation (₹39,995 Recovered)** — Led a surprise branch audit that uncovered unauthorized editing of accident-vehicle liability mails by staff; recovered the full short amount through direct audit intervention.
- **Billing Closure Lapse — 7 Vehicles (₹27,943)** — Identified that insurance claims and customer contributions had been collected and vehicles delivered, yet receivables remained open in the debtor ageing report beyond 200 days; traced the root cause to Service Advisor reconciliation failure and drove corrective billing closure procedures.
